## **QUALITY ENVIRONMENTAL HEALTH AND SAFETY POLICY**

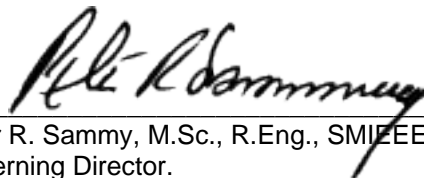

*Design Engineering Services Limited sees itself as a company whose primary aim is to, within the targeted areas, assist fellow organizations in solving problems which are outside of their technical scope or physical capability, in a manner which is of a high quality, is practical and cost effective to all parties involved.*

*Seeing ourselves as part of the greater whole, the management of Design Engineering Services Limited accepts the responsibility for and stands committed to ensuring a safe, healthy and environmentally responsible approach to the operation of all aspects of our business and personal lives, while continuing to provide the highest quality service to our customers.*

*In light of the above, Design Engineering Services Limited is committed to preventing the accidental loss of any of its resources, including employees and physical assets. In fulfilling this commitment to protect both people and property, management will provide and maintain a safe and healthy work environment, in accordance with “The Occupational Safety And Health Act”, to comply with all relevant legislation national laws governing Trinidad and Tobago, Design Engineering Services Limited will strive to eliminate any foreseeable hazards which may result in property damage, accidents, or personal injury/illness.*

*We recognize that the responsibility for health and safety are shared. All employees will be equally responsible for minimizing accidents within our facilities and on our work sites. Safe work practices and job procedures will be clearly defined in the company’s Health and Safety Manual for all employees to follow. Accidental loss can be controlled through good management in combination with active employee involvement. Safety is the direct responsibility of all managers, supervisors, employees, and contractors.*

*All management activities will comply with company safety requirements as they relate to planning, operation and maintenance of facilities and equipment. All employees will perform their jobs properly in accordance with established procedures and safe work practices.*
